# HAYLEY ROSSETTI

## PERSONAL SUMMARY

I have been a dedicated 4-H member for 5 years now. In my amazing years in 4-H I've learned a lot about leadership and communicating with my peers. Im turning 15 and going into my sophomore year in high school. I mainly participate in my Teen Leader club in my county but I also participate in my county's cooking club and citrus club.

2025 Reserve Best of Class Old English Game

Bantam

## LIFE SKILLS

### Planning/Organizing

- Made a plan on how I will effectively do my State Council application and campaigning without worrying about not having enough time for my day to day activities.
- I helped plan my county awards banquet and my teen leader club and I created a planning sheet to help our event run smoothly.
- I helped my Teen Leader club plan out fundraisers and help set up where we were going to fundraise and for how long and what supplies we would need in order for our fundraiser go as planned.

### Communication

- At my last Teen Leader meeting my fellow club members and I communicated how we wanted to improve our club for the upcoming year.
- Being on the planning committee for iLEAD I had to make sure I was communicating my thoughts on what I think could help the event better.
- When I did county events I had to communicate and deliver my thoughts on my demonstration and explain what I was doing.

### Leadership

- At iLEAD I had to run and facilitate groups and games for the youth so that I could make them feel more comfortable with their group.
- When I was at iLEAD I used my leadership skills to try to get kids that were alone and uncomfortable to sit and play some card games with the other kids that were alone.
- Serving as a Teen Leader in my county taught me how to represent my club through out my county and at county events.
