

## Kimberly Tanner

---

Motivated and service-oriented 4-H member with a strong background in agriculture, leadership, and public speaking. Experienced in presenting at county fairs, club meetings, and community events, with a passion for educating others about sustainable farming and rural values. Guided by faith, I strive to lead with integrity, serve my community, and grow through hands-on learning. Dedicated to upholding the 4-H values of Head, Heart, Hands, and Health in everything I do.

### **Communication**

- Helped create a welcoming environment by working with fellow club members to develop and lead opening activities that encouraged interaction and connection during meetings.
- Assisted in crafting a digital flyer alongside county council officers to share important 4-H programs and events with older youth across the county and state.

### **Service Learning**

- Volunteered time to support younger members by mentoring during project workshops, gaining leadership experience while helping others develop new skills.
- Assisted in organizing a community donation drive through 4-H, learning how to coordinate volunteers and communicate with local partners to meet real needs.
- Reflected on the impact of service by journaling personal growth after participating in a countywide clean-up event, connecting hands-on work to broader civic responsibility.

### **Problem Solving**

- Adapted a hands-on workshop for younger members when materials didn't arrive on time, quickly creating an alternative activity that kept the group engaged and learning.
- Helped redesign our club's meeting format to better manage time after noticing that discussions often ran too long, leading to more efficient and focused gatherings.
- Contributed to troubleshooting technical issues during a virtual 4-H event by assisting with audio and video setup, ensuring the program ran smoothly for all participants.
