◆ WHY AM I RUNNING?

I have come to love 4-H, the events I have participated in, and the people that I have met. Yet I would know nothing about 4-H if not for a chance encounter when I began archery. To me, that's a huge problem. I am running to give more youth the opportunity of 4-H, regardless of what they are interested in, or where they live. For that reason, I plan to push 4-H into more public and private schools, especially in counties that lag in 4-H participation. As your Secretary, I vow to be a full-time ambassador for you all, who make up 4-H. There is no reason youth in this state should not know about 4-H, and all of the opportunities it brings.
