

## Dressing a Rabbit - Activity 3

### *Dress a Rabbit Carcass*

Choose a method to dress a rabbit carcass. Be sure to follow all of the instructions carefully. With adult supervision, process a rabbit. Once you have a dressed carcass cut the rabbit into quarters and store the meat properly. The USDA publication of ***Rabbit: From Farm to Table*** has specific storage parameters that if followed will ensure your safety if you choose to consume the rabbit meat.

### REFLECT/APPLY

What was the hardest part about processing your rabbit?

What would you do differently if you were to do it again?

How will you dispose of the by-products? Are there any that you will use?

Which method did you choose to dress the carcass? Why did you choose this method?

How can practice affect your efficiency?
