

Breeding your Rabbits

Reflect Questions

1. How could they have avoided this situation from occurring?
2. What can they do in the future to make sure that they don't send a pregnant doe to a show?
3. How do you think this experience will affect the doe?

A few months later Jamie tried to breed Butterscotch. Jamie took Butterscotch out of her cage and took her to the buck's cage. Then, placed her inside, but she was not receptive to the buck.

4. What should Jamie have done before attempting to breed Butterscotch?
5. What may be a reason why Butterscotch is not receptive?
