

# My Rabbit Profile - Activity Option 1

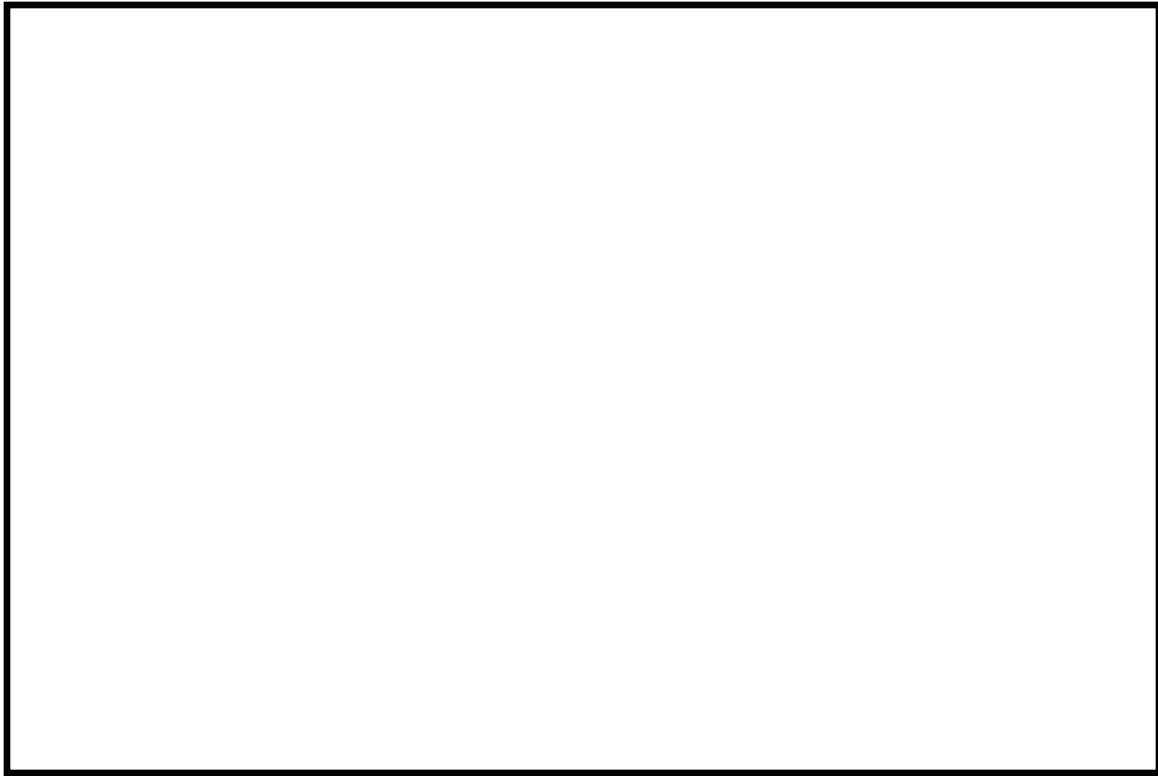

*In this activity you will use a hands-on approach to learn about the different rabbit coats. Try to complete the information below for as many coat types as possible. It may be difficult for you to access some of the breeds that have these coat types at the rabbit show, but remember that you could also visit pet stores, breeders, or you can use rabbit pelts from a coat store, a hunting supply store, or even certain fabric stores, in order to find the coat type.*

*First, take a picture of the rabbit coat type. Next, stroke the rabbit fur and write a description for it. Be sure to ask permission before you stroke a rabbit; explain that you are completing this activity for you Show Rabbit Project.*

## Normal Fur

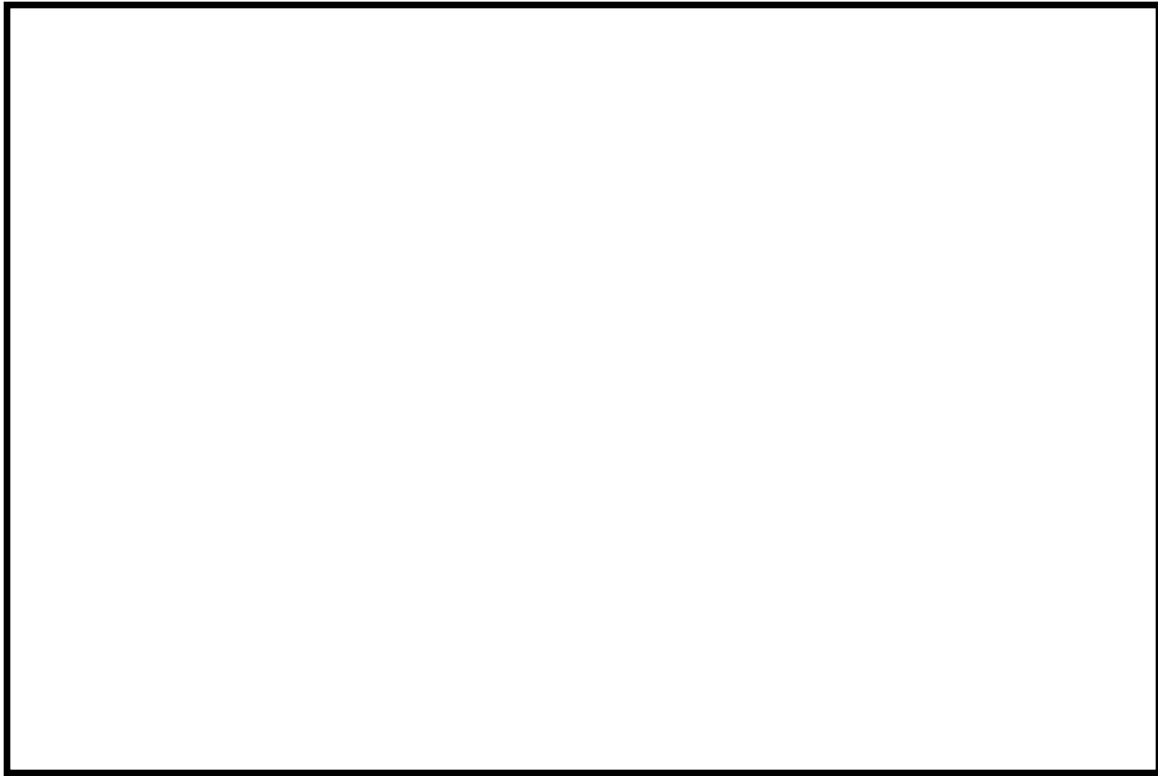

## Satin Fur

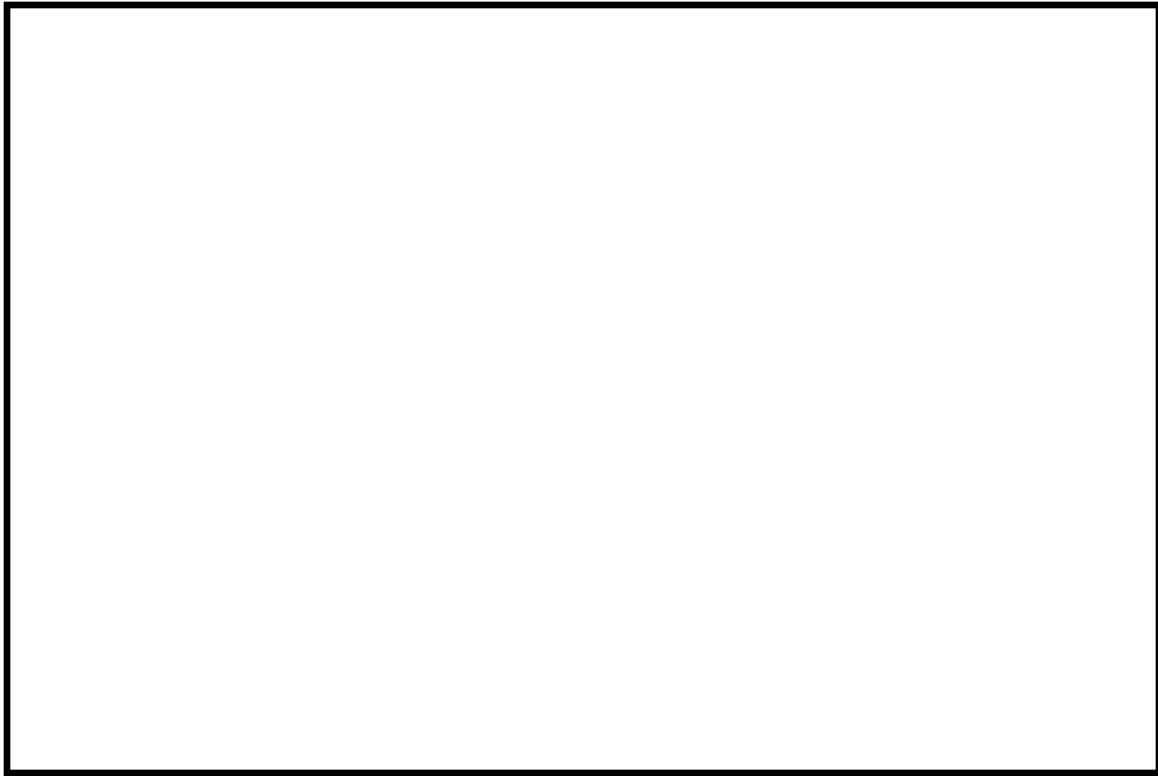

## Rex Fur

## Wool Fur

## Stand-Up Fur

## Reflect/ Apply Questions

1. How many different types of rabbit coats were you able to find? Which was the hardest?
2. Which coat type is the most common? List a few breeds that have this fur type.
3. Which rabbit coat type do you like most? Why?
4. How will this activity help you choose your rabbit's breed?
