

ACTIVITY 3-2

Nutrition for Show Rabbits - Activity Option 2

Develop a feeding program for your rabbits. Consider which feed you will use, how much you will feed each day which method of feeding you will use. In addition, list any supplements that you plan to give your rabbit; such as hay for additional fiber, oils during conditioning, apples as treats, etc.

Feed Name:

Protein%:

Fiber %:

Fat%:

Feeding method:

Amount to be fed:

Supplements:

Reflect/ Apply Questions

1. Why is the type of feed that you choose so important?
2. Why is the amount of feed that you fed important?
3. Besides this base pelleted feed, what else will you fed your rabbits? As treats or supplements?
4. How can this feeding program help you determine how much feed to buy?
